Our Mission

We are committed to supporting your family during their grief, recognizing that all grief is personal to each individual. We will strive to create the most personal and meaningful tribute to the person who died and support any appropriate requests to commemorate the life that was lived. We acknowledge that we cannot make the pain go away, but through our efforts we can make the journey of grief less lonely and perhaps a little easier.

Our Payment Policy

To lose someone you love is a devastating human experience. It can be traumatic and seriously impact one's judgment. Therefore, it is important to be realistic with respect to funeral expenditures. We do not want your choices to be more than is affordable nor less than you would like to arrange. What is important is that arrangements be in keeping with your wishes and budget. We believe in the recognition and meaningful celebration of a life that has been lived and will assist in arranging an appropriate service to meet your individual needs.

10 Payment Option

Heritage Funeral Home does require that all expenses be secured by one or more of the following methods prior to the date of service. We are confident you will find one or a combination of the following options that best suits your individual circumstances and needs. A verified insurance assignment will be accepted as payment (*plus a processing fee of 5% will be added to the total funeral contract price*). We do not accept insurance policies that are unassignable or issued less than two years prior to the death

Warranty Disclaimer

The only warranties expressed or implied granted in connection with goods sold with this funeral service are the express written warranties, if any, extended by the manufacturers thereof. No other warranties and no warranties of merchantability or fitness for a particular purpose are extended by the seller. We do not represent or imply that any outer burial container is air tight or water tight or will provide long term preservation. In most areas of the country, no state or local law requires that you buy a container to surround the casket in the grave. However, many cemeteries require that you have such a container so that the grave will not sink in. Either a maintenance shell (grave liner) or a burial vault will satisfy these requirements.
